# 2021 Peer Assessment of Distance Education Master's in Nursing Degree Programs

## Peer Assessment

---

As part of its January 2021 report on online degree programs, U.S. News & World Report is conducting a survey of schools that administer master's degree programs in nursing through distance education. Schools with these programs are listed below by state. Only included are a select group that have at least one of their master's level nursing programs accredited by ACEN or CCNE. This survey is being sent to a dean, online programs coordinator or higher academic (like a senior faculty member) who helps manage the online program. Your participation in this survey is greatly appreciated.

### Instructions:

1. Identify the nursing schools with which you are familiar and then rate the **overall** academic quality of the master's programs delivered to distance learners at each of these schools. Consider all factors that contribute to or give evidence of the excellence of the master's programs; for example, curriculum, innovation, quality of faculty and graduates.
2. Rate programs on a scale of outstanding (5) to marginal (1) by marking the corresponding box. If you are not familiar with a school's programs, leave the response marked as 'No answer'.
