Expert Roundtable Discussions

These small group informal sessions on various “hot” topics in informatics are facilitated by experts in the field. Each session is limited to **20 participants** so bring a snack and/or beverage and enter a roundtable prepared to network with others.

Note: Seating is on a “first come” basis with the ability to move around to other sessions if a virtual chair is available.

1. Artificial Intelligence/Machine Learning (<mailto:kelemen@umaryland.edu>)

Facilitator: Arpad Kelemen, PhD

2. Generative AI in Health Care (i.e. ChatGPT)

Facilitators: Kathy McGrow, DNP, MS, RN, PMP & Cory Stephens, DNP, RN-BC, CPHIMS, FHIMSS

3. Professional Development

Facilitators: Rebecca Freeman, PhD, RN, FAAN, FNAP & Marisa Wilson, DNSc, MHSc, RN-BC, FAAN

4. Teaching and Technology

Facilitators: Cheryl Fisher, EdD, MSB, RN & Carol O'Neil, PhD, RN, CNE

5. Workflow Reengineering and Healthcare Innovations

Facilitator: Eun-Shim Nahm, PhD, RN, FAAN

6. Value-Informed Nursing Practice & Nursing Innovation

Facilitator: Claribel Sawyerr, DNP, MPH, RN-BC

7. Beyond the Bedside: Harnessing the Power of Social Media for Nursing Success

Facilitator: Tori Shaw Morawski, MSW, IICDP

8. The Future is Here! Virtual Nursing and Robotics

Facilitators: Charlotte Seckman, PhD, RN-BC, FAAN

9. The Informatics Nurse Specialist Role in Evidence-Based Practice

Facilitator: Cynthia Russell, DNP, RN-BC, EBP-C

04:00 pm

CONCURRENT SESSION 3

3A: Peer-Reviewed Podium Presentations

Nicholas Novella
MSN, BA, RN, CNOR

*Redefining the role of the clinical
informaticist*

**Rebekah Friedrich, MS, RN, CCRN-
K, CPPS**

Stephen Prouse
MS, RN-BC

*The informatics partnership: Building
the bridge to care delivery
optimization*

Jane Englebright
PhD, RN, FAAN

*Update on the value of standard
Nursing Terminologies and the need
for integration into disruptive
environments of healthcare*

3B: Peer-Reviewed Podium Presentations

Catherine Robison
BSN, RN

*Using process mining to positively
impact the nurse staffing crisis*

Amber Massey
MSN, RN-BC

*Using gamification to increase
downtime readiness*

Joan DiPietro
MS, BSN, RN

*Inpatient teleconsultation: A platform
transition at University of Maryland,
Upper Chesapeake Health Hospitals*
**Rebekah Friedrich, MS, RN, CCRN-
K, CPPS**

SINI-U: Peer-Reviewed Podium Presentations

Barbara Kupferschmid
PhD, RN

*Next evolution of a framework to
evaluate informatics competency
mastery and guide course and
curriculum development*

Rhonda Schoville, PhD, MSBA, RN

Tonya Judson
DNP, RN-BC, CNE

*Hospital Electronic Health Record, Do
Students Need Access?*

Heather Carter-Templeton
PhD, RN-BC, FAAN

*Facilitating cross-disciplinary
collaborations focused on innovation
and entrepreneurship: The West
Virginia University IDEA Fellowship
Model*

CONCURRENT SESSION 4

4A: Peer-Reviewed Podium Presentations

Christine Stamper
MSN, RN
Optimizing clinical care using agile methodology

Clarissa Salcedo
MS, RN-BC
Generating revenue through improving IV infusion documentation on patients with observation status

Alexandra Mikulis
BSN, RN
Designing, developing, and implementing an electronic nurse-driven model to optimize congestive heart failure diuresis

4B: Peer-Reviewed Podium Presentations

Marik Moen
PhD, MPH, RN
A Local Look at Opportunities and Challenges Around Social Determinants Of Health (SDOH) Data
Barbara Van de Castle, DNP, APRN-CNS, RN-BC, OCN

Steven McPherson
BSN, RN
Impact of Integrated, Automated, Traveling Cobot Assistance on Time and Motion of Nursing Care Delivery

Alicia LePard
PhD, MBA, ACNP-BC, ENP-C, FNP-BC, GNP-BC, FAANP
Data in data out: Failure of EHR input in research output

SINI-U: Peer-Reviewed Podium Presentations

Mari Tietze
PhD, RN, -BC, FHIMSS, FAAN
Student and Workforce Wellness, New Practice Essentials, and an Academic EHR-Based Curriculum Approach

Deborah Chasco
DNP, CCRN-K, CNS, APRN
Nursing informatics leadership competencies: Transforming mentorships through innovation

Adrienne Barrett
MSN, RN-BC
Optimization of a nursing informatics practicum program

10:30 am

CONCURRENT SESSION 5

5A: The Value of a Robot – What can a robot do for nursing?

Cynthia Russell
DNP, RN-BC, EBP-C

Abigail Hamilton
MBA Candidate

Gregg Springan
MSN, RN

5B: Using Artificial Intelligence (AI) consultants to intelligently augment care, protect patients, and improve frontline clinicians' experience

Neri M. Cohen
MD, PhD

Suchi Saria
MD

SINI-U: Innovation in Education: The Alignment of Nursing Preparation and Informatics

Chien Chen
MSN, RN, PMH-BC, NE-BC, NP-BC

11:45 am

Spotlight on Innovation - Breaking Boundaries of Pain Management: Harnessing the Value and Power of Virtual Reality

Luana Colloca
MD, PhD, MS

Reporting structure: Where should Nursing Informatics live?

Kathleen McGrow
(Moderator)
DNP, MS, RN, PMP

Lavonia Thomas
DNP, RN, NEA-BC, CPHIMS

Ann Lockhart
MN, RN-BC

01:00 pm

Ruth Schleyer
MSN, RN-BC

Sean Michaels
DNP, MBA-HCA, RN,
CPHIMS, CHCIO

Interactive Debate

02:15 pm

CONCURRENT SESSION 6

6B: Healthcare IT Innovation: Past, present and future

Olubisi Ajetunmobi
MHI

Ahmed Alsharit
MSHI

SINI-U: Informatics Champion Program: Advancing the Nursing Informatics Footprint and Developing Future Informaticists

Kay Burke
MBA, MSN, RN, NE-BC

03:30 pm

Endnote: Artificial Intelligence and Big Data: Gateway to a New Anticipatory Patient Care Model

Roy L. Simpson
DNP, RN, DPNAP, FAAN,
FACMI

04:45 pm
