Dear Doctor:

Re: House Bill # 179 - By Mr. Boone

The above captioned Bill has been introduced in the House of Delegates, Maryland Legislature, and referred to the Ways and Means Committee.

This Bill sets up standards for the practice and regulation of Physiotherapy in your State, and has the approval and support of the Physiotherapy Committee and the Council of the Medical and Chirurgical Faculty of Maryland.

It is our understanding that another bill will be introduced in the Legislature that tends to reduce the standards of medical practice in your State, and to jeopardize the interests of the general public, as well as the interests of the medical profession at home and in the armed services.

It is imperative that you and your friends and patients wire the Delegates and Senators from your district at once, urging their unqualified support of HOUSE BILL # 179 - by MR. BOONE.

Prompt action on your part will mean the difference between success and failure. WIRE AT ONCE.

Sincerely,

Thomas P. Sprunt, M.D.
Chairman, Physiotherapy Committee
Medical and Chirurgical Faculty of Md.
