Mr. E. L. Wilshin
Directory Advertising Manager
The Chesapeake and Potomac Telephone Company
Baltimore 1, Maryland

My dear Mr. Wilshin:

The Maryland Chapter of The American Physiotherapy Association received a copy of a letter sent you August 9, by The Maryland State Physical Therapy Society.

The members of The American Physiotherapy Association are graduates of approved schools in Physiotherapy and work only under licensed doctors, who are members of the American Medical Association.

We are not Chiropractors and do not list ourselves as such, and feel it is misleading to the public for the Chiropractors to list themselves as Physiotherapists.

We hope it will be possible to have these mentioned changes made in the forthcoming edition of the Telephone Directory.

Very truly yours,

L.M. HARDIN (MRS.)
Secretary
Maryland Chapter,
American Physiotherapy Association
