Miss Evelyn Anderson  
5 Rice Way  
San Francisco, Calif.

Dear Miss Anderson,

Previous to receiving the last bulletin our Chapter had voted to contact Washington in regard to the gas rationing and to urge Military Status for Physical Therapists.

After reading what National is doing, we wondered if our letter would cause any friction or if National approves of more Chapters urging the above.

Sincerely yours,

(From Edith Nyman  
See attached response)

Miss Edith L. Nyman  
719 North Broadway  
Baltimore, Maryland

Dear Miss Nyman:

Thank you for your letter. It was nice to hear from you.

National is doing everything possible both on the question of Military Status and Gas Rationing, but we feel sure that your chapter letter will give additional much needed support.

Sincerely,

*Evelyn Anderson*
