COPY FOR YOUR FILES

All information requested on this questionnaire pertains to graduate students (excluding doctoral students) who are enrolled in, or who have completed, master's programs which lead to a degree granted through the educational unit in nursing. In this questionnaire, spaces are available for you to write in the names of your programs when our categories do not fit them. Please do not write in the name of a program if one of our categories would serve the purpose for tabulating the results. For classification of full-time and part-time students, use the policy followed in your university.
