RE: State Board Visit--changed to Tuesday, January 21

You will recall that I told you I had been invited to participate in a small Ad Hoc group being convened to work on some of the current controversy regarding control of accreditation (NLN-ANA-AACN).

The first meeting is in mid-November and the phone call gave January 21-23 for the second. Then a letter came moving it to January 15-17. I phoned ANA yesterday to see what had happened and apparently one of the agencies had a conflict. Since this is an important high level group, I would like to participate.

I phoned Rita Solow Thursday and she very graciously moved our visit to January 21. I hope it won't make any difference to you but felt I was in a tight spot.

Dear Miss Solow:

This is just a note to confirm the date of our Survey Visit as Thursday, January 16, 1975.

We will plan for you from 8:30 on and I believe it should be possible for you to meet with Dr. Kuhn in the early afternoon. We will look forward to your visit.

Sincerely,

Marion I. Murphy

Dear Dean Murphy:

The Maryland State Board of Examiners of Nurses would like to confirm the date of the Survey Visit to the University of Maryland School of Nursing on Thursday, January 16, 1975. I shall plan to arrive at 8:30 A.M.

Visits to the clinical facilities will probably not be necessary for this survey, but I would like to include the library and nursing school facilities.

I hope it will be possible to meet briefly with Dr. Albin Kuhn sometime during the early afternoon.

If the Board can assist you in any way, please do not hesitate to contact the office.

Sincerely yours,

Rita D. Solow

I have checked with Rosetta, and we are not aware if students sought help for State Boards. Rosetta is gathering a list of faculty who are willing to help people who seek help.

RE: State Board results

I'm sure we have all been eagerly awaiting our State Board results. The results are quite positive following the very first "go-around" of our new curriculum. Slightly more than seven percent of the students who took the exams did not satisfactorily complete all parts. Following is a breakdown per examination:

	<u>Med.</u>	<u>Surg.</u>	<u>Obs.</u>	<u>Nurs. of Children</u>	<u>Psy.</u>
UMAB	4	7	6	2	1
WRAIN	2	3	4	5	-

We are pleased with the over-all results, and anticipate that next year will be even better.

Please share this with your faculty teams.

Those interested in seeing the actual scores may review them in my office. Please check with Jean Roth as to the availability of the scores.

RE: Summary Report - State Board Exam Results

This is an up-dated summary of the results of State Boards through June, 1973. You will note that I have added two more columns, which I think gives a clearer picture of failures because of the number of students who fail more than one paper on the Baltimore campus.

Would you like copies of this summary to be distributed to Dr. Hughes, Miss Michael and the Department Chairmen?
