DATE: January 31, 2011

Since 2001, the SREB Council on Collegiate Education for Nursing, in collaboration with the Southern Regional Education Board, has conducted a regional survey of nursing education programs in colleges and universities in the 16 SREB states and the District of Columbia.² The findings provide information about nurse educators (retirements, resignations, budgeted and vacant positions) and students (enrollment, graduation, diversity).

Survey results will appear on the SREB Web site (www.sreb.org) in aggregates by state in an Excel file. We do not identify institutions in our reports. Your response to this survey will help us continue to provide valuable information to you and our colleagues, regionally and nationally.

Thank you for taking time to complete this questionnaire. If you have questions, please contact Eula Aiken at eula.aiken@sreb.org or at (404) 879-5567.

¹ The committee includes Doreen Harper, Ph.D., FAAN (University of Alabama at Birmingham); Kim Hoover, Ph.D. (University of Mississippi Medical Center); Nancy Langston, Ph.D., FAAN (Virginia Commonwealth University); Kenneth Miller, Ph.D., FAAN (The Catholic University of America); Nena F.
