# Summer Institute in Nursing Informatics

## Nursing Informatics: From First Use to Meaningful Use

**Overview:** How will you respond to the federal government's mandate for "meaningful use" of health information technologies to improve care processes and patient outcomes? The 20<sup>th</sup> Annual Summer Institute in Nursing Informatics will examine trends and developments that will enable clinicians, executives, educators, and researchers to transform health care. World-renowned leaders in the field, as well as presenters of peer-reviewed work, will share their knowledge and experiences in a rich networking environment that welcomes participants at all levels of informatics expertise.

**Call for Abstracts:** The SINI Planning Committee is accepting research and practice abstracts that address the conference theme, "Nursing Informatics: From First Use to Meaningful Use." Authors of top-rated abstracts will receive monetary awards and special recognition. Due March 15, 2010.

**Sponsors and Exhibitors:** SINI 2010 presents a unique opportunity for organizations and vendors to take advantage of exclusive networking opportunities with nurse leaders in a relaxed atmosphere.

**Webcast:** Participate in SINI 2010 virtually via webcast. View live or archived plenary and concurrent sessions.
