

SINI 2013

SUMMER INSTITUTE IN NURSING INFORMATICS (SINI)

BEYOND STAGE 7 AND MEANINGFUL USE: WHAT'S NEXT?

Save the Dates: July 17-19, 2013

Keynote Speaker:

Kevin Fickensher
MD, CPE, FACPE, FAAFP
President and CEO, AMIA

Endnote Speaker:

Judy Murphy
RN, FACMI, FHIMSS, FAAN
Deputy National Coordinator for
Policy and Programs, Office of
the National Coordinator for
Health Information Technology

SINI 2013

The conference will include two tracks featuring invited experts and peer-reviewed speakers and posters:

- Strategies for Implementing and Evaluating Electronic Health Records
- Making Inroads: Evolving Roles and Responsibilities for Nursing Informaticians

For participants with at least two years' experience in nursing informatics and broad knowledge of key concepts and relationships, SINI 2013 offers a choice of two intensive think tank experiences extending across all three days of SINI:

- Interoperability II
- From Clinical Data to the Learning Health Care Organization: Analytics and Methods

Call for Abstracts

Call for abstracts for peer-reviewed posters and podium presentations will be sent early in January 2013.

Abstracts due March 1, 2013.
