Generic (Basic, Entry-level) Baccalaureate

Generic baccalaureate students do not have previous nursing experience as a registered nurse; this category includes students in any of the following programs:  
 æ"Generic (basic, entry-level) baccalaureate  
 æ"Baccalaureate for nonnursing college graduates (2nd Degree)  
 æ"LPN to baccalaureate

**NOTE: If your school does not have a separate program for RNs seeking the baccalaureate but integrates RNs into the generic program, count these students/graduates in the RN to Baccalaureate section, not here.**

**Directions:**

1. Use official **TOTAL** enrollment figures for Fall 2006.
2. Use official graduation figures from August 1, 2005 through July 31, 2006.
3. *Include* all nursing students. Nursing students are defined as students who have been formally accepted into the nursing program whether or not they have taken any nursing courses.
4. *Exclude* prenursing students (students who have not been formally accepted into the nursing program).
5. Include admissions and transfer students.
6. Use your institution's definition of full- and part-time.
7. If you offer this program, but do not have any students or graduates, please enter zero in the full- and part-time students and total graduates boxes below.

Last year, in your generic baccalaureate program, you reported having 505 full-time students, 53 part-time students, and 322 graduates. 72 male students and 35 male graduates were reported. Please use this information to guide your responses this year.

**MASTERS SECTION**

**MASTERS MAJOR AREA OF STUDY**

**Directions:**

1. In the Major Area column, check the major area(s) of study (functional or professional roles) offered within your Master's program. Then, enter the number of students and graduates in each major area of study.
2. If you offer both a traditional Master's program and a Master's for Nonnursing College Graduates (Entry-level or 2nd Degree) program, report enrollment and graduation data separately.
3. **DO NOT** include POST-MASTER'S NP or CNS students/completers, even if your institution counts them as master's students/graduates.
4. If you offer a **dual degree program**, enter the students and graduates according to their major area of study in nursing first. Then enter the dual degree information at the end of the section (this is different from how it was reported in previous years).
5. If you have a **dual major program in which one major is CNS or NP and the other is neither CNS nor NP** (e.g., CNS/Education or NP/Education) do not report your data in the dual major categories. Instead, report them in the NP or CNS categories (this is also a change from how it was reported in previous years).
6. If you offer a major area of study, but do not have any students or graduates, check that the major is offered and enter zero in the full- and part-time students and total graduates boxes.
