Re: Family Nurse Practitioner Program

Yesterday, the Maryland Board of Nursing approved the Family Nurse Practitioner (FNP) Specialty Track and the FNP Post-Master's program of study option by unanimous vote. Drs. Regina Cusson and Sharon Dudley-Brown deftly handled the usual questions about pharmacology content, clinical placements and admissions qualifications of applicants to the program. So well, in fact, that no contingencies or conditions were placed on the Board's approval.

cc: Dr. Regina Cusson
Dr. Sharon Dudley-Brown
