Dear Dr. Heller:

At its June 27, 1995 meeting, the Board of Nursing discussed with Dr. Ann Mech and Mr. Art Engler, representatives of the University of Maryland School of Nursing, your proposal to offer a post-master's Neonatal Nurse Practitioner Program.

The Board voted to approve implementation of the post-master's certificate option in the fall of 1995.

The Board wishes the faculty success with this new curriculum option.

Yours truly,

Donna M. Dorsey, R.N., M.S.  
Executive Director  
Maryland Board of Nursing
