

## History of ALMACA Chapter in San Diego

Was started in 1977 and our first meeting was at the 32nd Street Naval Repair Base Officer's Club.

1978 our first President was Dan Smith — E.A.P. Director for General Dynamics.

1979 President was Jim Emslie Vice President, Director E.A.P. Home Federal Savings & Loan.

1980 Enos Cook — Consultant - Semi-retired Rancho Bernardo and the 1981 current President is Duane Rogers, Director E.A.P. for San Diego County Employees.

We started with 13 members and are currently averaging around 35 people at each meeting. Our meetings are monthly on a Tuesday and the hours are 11:30 to 1:00.

We have sponsored two Employer Workshops, a Staff Trainee Workshop, an alcoholism class at University of Southern California at San Diego and previously co-hosted a convention with the state alcoholism counselors.

We now have approximately 100 members on our roster and are continually growing. We have assisted a number of companies in starting an E.A.P. Program and try to continually let the community know we are available to assist them.

Sincerely,

Jim Emslie  
Vice President/EAP Director
