NEW PROBLEMS THROUGH THE EAP DOOR

# BETHANY CENTER

An aerial photograph of the Bethany Center, a large, multi-story mansion with a prominent central entrance and several wings. The building is surrounded by lush greenery, including trees and manicured lawns. The overall scene is presented in a high-contrast, grainy black and white style.

Bethany Center is a residential treatment program for men and women whose use of alcohol or other drugs is depriving them of the ability to lead productive and rewarding lives. A carefully planned and individualized treatment focus provides group therapy, individual counseling, family therapy, education, twelve-step programs, psychiatric and medical care, nutrition and fitness programs and continuing care.

The focal point of Bethany Center is a stately mansion restored to its original condition. Tree-lined walks, warmly decorated counseling and lounge areas, modern living and dining rooms, and a fitness center complex provide an environment that complements a structured therapeutic program.

# And the winner is . . . EMPLOYEE ASSISTANCE PROFESSIONALS ASSOCIATION!

WE, THE COLLECTIVE GROUP of employee assistance program and allied professionals known as ALMACA, are now prepared to take a major step into the future. The name-change vote has been tallied and the winner is . . . Employee Assistance Professionals Association (EAPA).

Beginning with the July issue of this magazine, all references to your professional association will be Employee Assistance Professionals Association, or EAPA. The name-change process is already being implemented. Callers to the National Office are now greeted with "EAPA, formerly ALMACA." In pronouncing our new, initialed name, each letter is enunciated (say it "E-A-P-A"), whereas the acronym "ALMACA" was pronounced as a word.

The National Office is proceeding with plans to create a new logo by acquiring the services of a professional imagery firm. More details of the name-change implementation and development of a logo will be published in the July issue.
