

UNIVERSITY *of* MARYLAND
SCHOOL OF NURSING

The Placebo Phenomenon: From Clinical Trial Designs to Laboratory Research

Luana Colloca, MD, PhD
Associate Professor
UMB School of Medicine & Nursing
November 16, 2016

Objectives

- Understand how to interpret placebo responses in the context clinical trials
 - Learn about the psychoneurobiological aspects of placebo effects
 - Familiarize with potentials to translate lab research knowledge into tips for daily clinical practice
- 

Continuing Education for Nurses

- Nurses who attend the entire lecture, submit completed verification of attendance and evaluation survey forms, may receive a certificate awarding one (1) contact hour with payment of \$10.
- No conflict of interest reported by planners or speaker.
- The University of Maryland School of Nursing is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation.
