Auxiliary University of Maryland Hospital, Inc.
22 South Greene Street
Baltimore, Maryland 21201

Dear Friends,

I want to take this opportunity to thank you for your continued support of the Volunteer Services Department.

Recognition Day was especially appreciated by the Volunteers. They look forward to the day - seeing each other and learning what different volunteers do here at the hospital. It is a joyous day for all, thanks to you.

Several auxiliaries received awards for many hours of service. Lucy Smith won the top honors for the auxiliary with four thousand hours. Over the years Auxiliaries have given many hours and we encourage you to join them.

With funds from the Auxiliary we were able to hire a bus which enabled the Volunteers in the City who had no transportation to attend the Governor's Recognition Day in College Park. University Maryland Hospital had about 150 volunteers and their families attend the affair.

Tea, coffee and punch are also purchased from these funds and are available to Volunteers in the Office. We are able to be more creative in our planning as we know we have funds to provide unexpected needs for the Department.

Sincerely,

Nancy R. Brown, Director
Volunteer Services Department
