April 25, 1994

My Fellow Auxilians:

Thanks to the dedication and commitment of many members we are completing our 107th year of service to the University of Maryland Hospital.

We are now at a crossroads where we must seize opportunities which will ensure our future success and growth.

At our Annual Meeting on May 11, 1994, we will be discussing a model of organization which calls for the integration of the Auxiliary with the Volunteer Services Department. This is not a unique arrangement and is a trend among hospital members of the AHA. The advantages are that the Auxiliary will preserve its rich history, continue financial independence and promote growth in membership.

I look forward to discussing these exciting times with you.

Cordially,

Lorraine
