

PUTTING THE PIECES TOGETHER

CBCM-UMSJMC Program Savings

* Hospital client estimate of #12,000 average readmission cost and roughly 40% variable cost saving potential

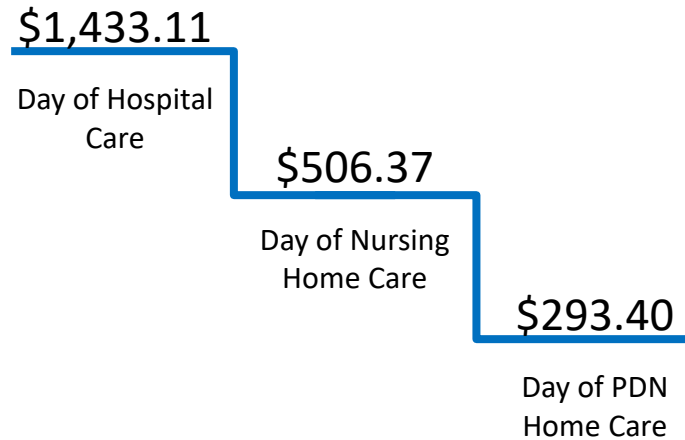

CBCM-UMSJMC Program Performance

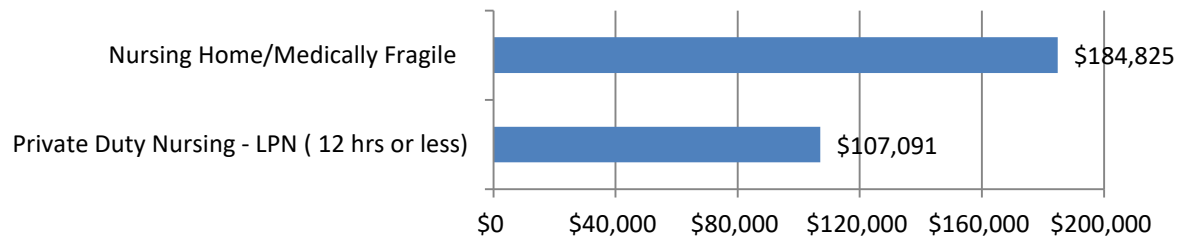

65% Reduction in Readmissions

Note the convergence of the trend lines for the program readmission rate and the readmission rate for high-risk patients not enrolled in the program

Everyone accepts the value of Homecare...
