

**Does-Extending Placebos: Clinical and Ethical Aspects**  
**Presented by, Luana Colloca, MD, PhD**  
**Tuesday, April 18, 2017**  
**4 p.m. - 5 p.m.**  
**University of Maryland School of Pharmacy, Pharmacy Hall-N211**

**Objectives**

At the conclusion of the presentation, learners will be able to:

- I. Differentiate between use of placebos and placebo effects to develop strategies to maximize benefits from therapeutic interventions
- II. Analyze possible clinical and ethical requirements to harness placebo effects in daily clinical practice

**Continuing Education (CE)**

**Disclosure:**

Planning committee members and faculty involved with this CE learning activity report no conflict of interest or financial relationship with a commercial interest that would bias content of this lecture. The lecture is supported by the University of Maryland Schools of Medicine, Nursing, and Pharmacy. No commercial support was received.

**CE for Nurses**

Nurses may receive 1.0 contact hours (one CE) for completing this one hour lecture for the cost of \$10. To receive a CE certificate, participants must attend the entire lecture, complete the online evaluation\* survey and the verification of attendance form provided on site. Participants will receive a CE certificate via email from the University of Maryland School of Nursing approximately two to four weeks after submitting the required documentation. All requests must be received within 90 days of the activity.

The University of Maryland School of Nursing is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation.

\* [You will receive an email with the following link to the online evaluation. You will use the contact information at the end of the survey to request your CE certificated.](#)
