Hazem E. Hassan, PhD '07, MS '16, RPh, RCDS**Assistant Professor****Department of Pharmaceutical Sciences**

Hassan received a BPharm degree (*summa cum laude*) from the Faculty of Pharmacy, Helwan University, in Egypt. He earned a PhD in Pharmaceutical Sciences from the University of Maryland School of Pharmacy, where he also completed postdoctoral training and later earned an MS in Pharmacometrics. Hassan has more than 14 years of experience in the field of clinical pharmacology, drug metabolism and pharmacokinetics, and drug development. At the School of Pharmacy, he is director of the Pharmacokinetics and

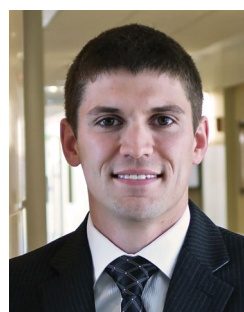

Biopharmaceutics Laboratory. He is a registered/certified controlled dangerous substances researcher by the state of Maryland and the U.S. Department of Justice's Division of Drug Enforcement Administration. Hassan's research program focuses on investigating the underlying factors that impact drug development and drug therapy optimization in adults and pre-term neonates via employing *in vitro*, *in vivo*, and *in silico* quantitative pharmacology (QP) approaches. Hassan actively serves several national organizations, including the American Association of Pharmaceutical Scientists (AAPS), the American College of Clinical Pharmacy, the American Association of Colleges of Pharmacy, and the American Society for Clinical Pharmacology and Therapeutics, where he is co-leader of its Hot Topics Initiative. Hassan has received several awards, including AAPS' Award in Pharmacokinetics, Pharmacodynamics, and Drug Metabolism/Clinical Sciences, the School of Pharmacy's Dr. Ralph Shangraw Award and the Dr. Arthur Schwartz Award, and the Egyptian government's General Mission award. In 2004, he was inducted into the Rho Chi Honor Society. He has a joint appointment as an associate professor of pharmaceuticals in the Faculty of Pharmacy, Helwan University, Egypt. Hassan is a registered pharmacist by the National Association of Boards of Pharmacy.

Mojdeh Heavner, PharmD '08, BCPS, BCCCP**Assistant Professor****Department of Pharmacy Practice and Science**

Heavner received a Bachelor of Science in physiology and neurobiology from the University of Maryland, College Park and a Doctor of Pharmacy degree from the University of Maryland School of Pharmacy. She completed a pharmacy practice residency and critical care and solid organ transplant specialty residency at Yale-New Haven Hospital. She is board certified in pharmacotherapy and critical care. Following her residency training, Heavner practiced as a clinical pharmacy specialist in the medical

intensive care unit, served as residency director of the critical care pharmacy specialty program, and spent several years as supervisor of clinical pharmacy services at Yale-New Haven Hospital before joining the faculty at the School of Pharmacy. She is a clinical pharmacy specialist at the University of Maryland Medical Center, where she practices in the medical intensive care unit. Heavner is active in professional organizations at the local, state, and national levels, including the American College of Clinical Pharmacy, the Society of Critical Care Medicine, and the Maryland Society of Health-System Pharmacy. She served as secretary on the board of the Connecticut Society of Health-System Pharmacists for several

years and was recognized as Pharmacist of the Year by that organization in 2016. Her practice and research interests include performance management and quality improvement, delirium, medication safety, and antibiotic pharmacokinetics and stewardship in the intensive care unit.

Zachary Noel, PharmD, BCPS**Assistant Professor****Department of Pharmacy Practice and Science**

Noel obtained his Doctor of Pharmacy degree from the University of Kentucky College of Pharmacy. He completed a pharmacy practice and cardiology specialty residency at the University of Kentucky Chandler Medical Center. He is a board-certified pharmacotherapy specialist. Noel's practice and research interests include valvular heart disease, anticoagulation, and teaching pedagogy. He is a member of the Applied Therapeutics, Research, and Instruction at the University of Maryland (ATRIUM) cardiology

collaborative, which focuses on the advancement of care provided to patients with cardiovascular disease. He also serves as program coordinator for the Postgraduate Year 2 Cardiology Pharmacy Residency Program at the University of Maryland.

Danya Gato, PhD, PharmD, MPH**Assistant Professor****Department of Pharmaceutical Health Services Research**

Gato is a pharmacist, epidemiologist, and health services researcher. She holds a PhD in health and pharmaceutical services research from the Brown University School of Public Health, a Doctor of Pharmacy from the University of Illinois, and a Master of Public Health with a concentration in international health and humanitarian studies from Harvard University. At Brown, Gato was funded as an Agency for Healthcare Research and Quality and National Institutes of Health doctoral and postdoctoral research fellow in comparative effectiveness research. Her substantive areas of

research pertain to improving regulatory and policy tools to reduce use of high-risk medications in vulnerable populations, risk management and post-marketing surveillance, environmental and global health systems development, pharmacovigilance, and health disparities. She was previously an Albert Schweitzer Fellow, a Paul and Daisy Soros Fellow (for support of her MPH at Harvard), and a U.S. research fellow of the Palestinian American Research Center and the Arab Council for the Social Sciences funded by the Swedish International Development Agency. In the 2015-2016 academic year, Gato was based at the Institute for Community and Public Health at Birzeit University in the West Bank, where she was a Fulbright Scholar. She is founder and director of the Arab & Eastern Mediterranean Pharmacovigilance Network and serves as an expert consultant to the World Health Organization. In addition to her role as an assistant professor, Gato is a faculty affiliate at the University of Maryland School of Medicine's Institute for Global Health.

Loyal donors provide the foundation for the School of Pharmacy’s success.

Thank you to everyone — our alumni, faculty, staff, and friends — who has invested in the University of Maryland School of Pharmacy.

LEGACY COUNCIL

The Legacy Council of the University of Maryland acknowledges those who have made generous contributions to the School of Pharmacy through their estate plans.

Anyone who has made such a gift is eligible for membership in the Legacy Council. To qualify, simply provide the School of Pharmacy’s Office of Development and Alumni Affairs with documentation of the gift or a copy of the relevant document in which the School is named as a beneficiary (www.umbfplannedgiving.org). For additional information about membership in the Legacy Council and estate planning, please contact the Office of Development and Alumni Affairs at 410-706-5893 or email ggriffith@rx.umaryland.edu.

DAVID STEWART ASSOCIATES

In the mid-1980s, several dedicated alumni and friends established a premier giving society, the David Stewart Associates (DSA), to fund Schoolwide initiatives that would propel the University of Maryland School of Pharmacy nationally as a leader in pharmacy education. This leadership giving society honors David Stewart, America’s first professor of pharmacy and a founder of the University of Maryland School of Pharmacy, who symbolized a passion for excellence and commitment to pharmacy education.

The founding members of the DSA are:

Elwin Alpern, BSP '51=	Mayer Handelman, BSP '54	Martin B. Mintz, PD, BSP '65	Arthur N. Riley, BSP '70, MS '72

This core group of philanthropists has inspired other donors to follow their lead. Today DSA membership has grown to create a solid base of private support for the School’s efforts to advance pharmaceutical education, practice, and science. To join this prestigious group of alumni and friends, or for more information on giving to the School, please contact the Office of Development and Alumni Affairs, at 410-706-5893 or email ggriffith@rx.umaryland.edu.

The University of Maryland School of Pharmacy appreciates the financial support of the following individuals and organizations during the period July 1, 2015, to June 30, 2016.
