MS IN PHARMACOMETRICS

Please join faculty and staff at the University of Maryland School of Pharmacy in congratulating the members of our MS in Pharmacometrics Class of 2020. These individuals are now equipped with the knowledge and skills needed to plan, perform, and interpret pharmacometric analyses, with the goal of influencing key drug development, regulatory, and therapeutic decisions.

PLEASE NOTE: The information provided below was self-submitted by members of the Class of 2020. The School of Pharmacy has made every effort to provide a complete and accurate listing of Class of 2020 spring graduates and their awards and honors. If we have made an error or omission, please accept our sincere apology and contact the Office of Communications and Marketing at marketing@rx.umaryland.edu so that we may correct this website.

Aburough Washington Abegesah

PharmD
MS in Pharmacometrics

"Every human has genius-level talent. There are no chosen ones. You just have to find what you are great at and tap into it." - Jay-Z

Note of Thanks: I would like to thank my parents for not only giving me financial support, but also moral support as I went through my struggles in the program.

Ritu Chadda

MS in Pharmacometrics

Danna Chan

MS in Pharmacometrics

Justin Scott Collazo

PharmD
MS in Pharmacometrics

Academic Distinction: Magna Cum Laude, RhoChi

Note of Thanks: To Meghan, for your patience and wisdom, thank you. Our future together is the real reward. To Dya, you taught me my first life skills and helped me through the most difficult period of my life. You are a hero. To my grandmother, the provider, teacher, enforcer, and motivator, there is no way to quantify your impact on every success I've had. None of this is possible without you. To my mother, you sacrificed everything for me, and in our short 15 years together, you prepared me for every battle. This accomplishment is yours. I wish we could celebrate it together.

Chunling Fan

MS in Pharmacometrics

Favorite Memory: I was warmed by Dr. Gobburu when I met him for the first time in his office to seek advice about my career development. It was an afternoon in late February, and his kindness soothed my nerves.

Note of Thanks: Thanks to Mathangi, Joga, and Vijay for their efforts to help me succeed in the program. Dr. Gobburu really worked hard with me. I loved his questions and appreciated his guidance on my project and the support I received when I was in need of help.

Erik Hahn

MS in Pharmacometrics

Sam Khosraviani

PharmD

MS in Pharmacometrics

Vatsala Naageshwaran

MS in Pharmacometrics

"Impossible is nothing! Keep learning always, no matter where you are in life."

Note of Thanks: Shout out to the awesome professors from whom I learned so much, Drs. Vijay Ivaturi, Mathangi Gopalakrishnan, and Joga Gobburu. And, some great class mates, Ke (Mike) Liu, Erik Hahn, and others who were so great to work with on group assignments.

Jagan Parepally

MS in Pharmacometrics

"Knowledge is power. Ignorance is bliss. Happiness is striking the perfect balance."

Favorite Memory: I enjoyed every moment going back to school after several years.

Note of Thanks: I would like to thank my family for putting up with me for the last two years. I don't think I could have made it without you all. Thank you for supporting me.

MS in Pharmacometrics
"Follow your dreams passionately."

Note of Thanks: Special thanks to the MS in Pharmacometrics faculty for their support and guidance. Special thanks to my family for standing by me and riding this journey together.

Anitha Suram
MS in Pharmacometrics

Caroline Woodward
MS in Pharmacometrics
"When you know who you are, you are free." - Wangari Muta Maathai, 2004 Nobel Peace Prize Laureate

Note of Thanks: I have been very fortunate to have love and support from my son, Daniel; husband, Jason; my sisters, brothers, and parents; and a very strong group of supportive girlfriends. They have been by my side while I juggled family life, classes and a very heavy workload. Thank you for all of your love and support!
