## Free Math Tutoring for Adults

Many workforce training programs require potential participants to meet certain reading and math benchmarks. For some, especially those who haven't used math in a while, the math assessments are really challenging.

The University of Maryland, Baltimore Community Engagement Center as part of our Workforce Initiatives programming is now offering FREE math tutoring for adults pursuing workforce training. People who are interested in tutoring must know which math areas/problems they need help with. Lisa Rawlings, who provides the tutoring, not only explains math concepts; she helps people find resources to support their own learning.

Here are some testimonials from someone who referred an applicant:

- "My client had failed the test previously. However, through the personal coaching received, she was able to retake and pass the test in a short turnaround."
- "The ease of getting a tutoring appointment for my client was exceptional. The Community Engagement Center will continue to be a jewel resource for those in need"

To make an appointment, choose "Math Tutoring" for the open sessions: [Book an appointment here.](#)
