MASTER'S MAJOR AREA OF STUDY

Directions:

1. In the Major Area column, check the major area(s) of study (functional or professional roles) offered within your Master's program. Then, enter the number of students and graduates in each major area of study.
2. If you offer both a traditional Master's program and a Master's for Nonnursing College Graduates (Entry-level or 2nd Degree) program, report enrollment and graduation data separately.
3. Do not include POST-MASTER'S NP or CNS students/completers, even if your institution counts them as master's students/graduates.
4. If you offer a dual degree program, enter the students and graduates according to their major area of study in nursing first. Then enter the dual degree information at the end of the section.
5. If you have a dual major program in which one major is CNS or NP and the other is neither CNS nor NP (e.g., CNS/Education or NP/Education), report them in the NP or CNS category.
6. If you offer a major area of study, but do not have any students or graduates, check that the major is offered and enter zero in the full- and part-time students and total graduates boxes.

MASTER'S-LEVEL (Master's and Entry-Level or 2nd Degree Master's) NURSE PRACTITIONER BY CLINICAL TRACK

1. DO NOT INCLUDE COMBINED NP/CNS OR POST-MASTER'S NP OR COMBINED NP/CNS STUDENTS AND GRADUATES IN THIS SECTION.
2. In the Clinical Track Title column, check the clinical track(s) offered within your NP program. *If the specific title of your clinical track is not listed, enter the title in the 'Other Clinical Track Title' section.*
3. Choose the certification exam that each Clinical Track prepares the *majority* of graduates to take.
4. Then, enter the number of students and graduates in each Clinical Track. *If you offer a clinical track, but do not have any students/graduates, check that you offer the clinical track and enter zero in the full- and part-time students and graduates boxes.*
5. Please have the Program Director(s) verify all information that is submitted on this form.

CLINICAL TRACK: Is defined as curriculum in a specific practice area such as family, acute care, pediatric, women's health, etc.

Nurse Practitioner (Single Track): Educational programs whose *curricular design* prepares graduates to sit for **one** national NP certification exam in a clinical track that matches the practice area of the educational program.

Example: School X offers a track titled Adult Cardiovascular NP. The primary focus of the educational program curriculum is Adult Nurse Practitioner with an additional cardiovascular subspecialty component.

Directions: Select 'Other Single Track' and enter Adult Cardiovascular NP. Choose ANP as the primary certification examination.

Nurse Practitioner (Dual Track): Educational programs whose *curricular design* prepares graduates to sit for **two** national NP certification exams in two clinical tracks that match the practice areas of the educational program.

Example: School Z offers an ANP/GNP dual track program.

Directions: Choose Adult NP/Gerontological NP from the list of dual tracks and select Adult Nurse Practitioner and Gerontological Nurse Practitioner from the list of certification examinations.

POST-MASTER'S COMBINED NURSE PRACTITIONER/CLINICAL NURSE SPECIALIST BY CLINICAL AREAS: **COMPLETIONS**

DIRECTIONS:

1. In the Clinical Track Title column, check the clinical track(s) offered within your Post-Master's NP/CNS program. *If the specific title of your clinical track is not listed, enter the title in the 'Other Clinical Track Title' section.*
2. Choose the certification exam that each Clinical Track prepares the *majority* of graduates to take.
3. Then, enter the number of completers in each Clinical Track. *If you offer a clinical track, but do not have any students/graduates, check that you offer the clinical track and enter zero in the full- and part-time students and graduates boxes.*
4. Please have the Program Director(s) verify all information that is submitted on this form.

Post-Master's Combined Nurse Practitioner/Clinical Nurse Specialist (NP/CNS): A formal post-graduate program where, by curricular design, the NP and CNS roles are included in the curriculum. The program admits registered nurses with master's degrees in nursing, and at completion, awards either a certificate or other evidence of completion. Those completing the program are eligible to sit for one NP national certification examination and one CNS national certification examination.
