Dear Mesdames:

This is to advise that from information received from you, your former employer account with the Employment Security Administration has been closed as of September 30, 1978. Since you are continuing your former business and operation, you will be assigned Number 657090-6 under your new name with this Agency, The Auxiliary of University of Maryland, Inc.

The assignment of the new number is necessary since our employer files are maintained both alphabetically and numerically; therefore, a change in your operating name requires a different placement in our files both as to alphabetical arrangement and numerical sequence.

In order that we may identify and expedite all correspondence and inquiries, always use and refer to your assigned employer account number.

Very truly yours,

Dolores J. Wajer - Supervisor  
Employer Status Unit
