Dear Lorraine:

Thank you for your note of March 8, 1994. You have provided outstanding leadership to the Auxiliary, and I am proud of the progress that the Auxiliary has made in improving the service and the overall operation of the gift shop. Where possible, I am hopeful that we can respond to the space needs of your team. I will ask Sharon O'Keefe and her staff to evaluate your space needs as we move ahead in our renovation and construction program.

Best personal regards.

Sincerely,

Morton I. Rapoport, M.D.
